Dear Editors,

Please consider accepting the submitted manuscript titled, “ Adaptive A-optimal experimental design for linear dynamical systems” for publication in SIAM JUQ.

The main idea of the work was presented at SIAM Conference on Mathematical and Computational Issues in Geosciences , June 30th 2015, under the title “ Optimal experimental design for geophysical imaging of flow in porous media”.

We have included 3 suggested reviewers with our submission: Noemi Petra UC Merced, Georg Stadler NY university, and Tan Bui-Thanh UT Austin.

Best regards,

Jennifer Fohring,
